MYANMAR SCHOLARS and LEADERS PROGRAM

(MSLP)

THE PROGRAM

The **Myanmar Scholars and Leaders Program (MSLP)** is a scholarship program to train and support the next generation of leaders and scholars, from a pool of diverse and promising young individuals in Myanmar, in top U.S. graduate programs—both Master's and Ph.D. degree programs—to develop strong technical expertise and leadership skills needed to assume inclusive leadership responsibilities in various ministries, departments, and sectors in Myanmar and beyond.

selection

- **MSLP works with partners to select the most outstanding, diverse, and inclusive young leaders in the public, business, social, and academic sectors of Myanmar.**

orientation

- **Selected scholars study the policy issues surrounding the most pressing and urgent needs in Myanmar development utilizing the Participatory Action Research (PAR) model.**

degree programs

- **MSLP collaborates with a group of major U.S. universities to prepare, admit, and train the future leaders in the most relevant programs.**

additional support

- **MSLP provides comprehensive support to the scholars throughout their study in the U.S.**

post-study placement

- **MSLP works with strategic partners in Myanmar to place returning fellows in key positions.**

sustainability

- **MSLP mobilizes people, institutions, and businesses for resources to maximize the program's impact & ensure its sustainability.**

While other fields of study may be considered, priority will be given to the areas relevant to Myanmar's development, such as:

- public affairs and/or public administration
- public management and leadership
- law
- policy
- environmental management
- water studies
- fishery studies
- agricultural economics
- finance
- budgeting
- public health & policy
- education policy
- higher education administration and leadership
- international peace studies
- sustainable development
- economic development
- international development
- international trade and commerce
- human rights
- global affairs
- law and cyber securities
- etc.
